Amazon Advertising API

Developer Reference Guide

This PDF document has been retired. In order to provide you with the best experience and most recently updated documentation for the API, please visit the [Amazon Advertising API Developers Portal](#).

For any questions or comments about the new documentation website, please create a Service Desk ticket with your question so that we may help you resolve any problems you are experiencing.

Thank you, and we hope you enjoy using the new on-line documentation.

Best regards,

Amazon Advertising API Development Team
