

# Logitech® Media Keyboard K800

The wireless keyboard with a brilliant nightlife  
With brightly backlit characters, an ultra-comfortable key system and powerful wireless, you're all set for a brilliant typing experience—day or night.

## FEATURE AT A GLANCE

### Bright backlighting for easy read

- Laser-etched characters for even illumination
- No distracting light around keys—only the letters are backlit
- Adjustable brightness levels for any lighting conditions

### Anytime recharging

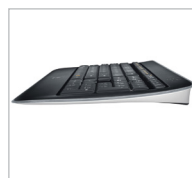

No batteries needed. Quickly recharge even while you're typing with included universal micro-USB cable.\*

\* Allow three to six hours for full charge. Actual battery life will vary with use, settings and environmental conditions. Rechargeable batteries have a limited number of charge cycles.

### Perfectly comfortable typing

PerfectStroke key system with softly rounded concave keys for comfortable, fluid, quiet typing.

### Sleek Style

Clean lines, a clear edge and low-profile keys look great with the latest laptops and monitors

## WORKS WITH

### Windows-based PC:

- Windows® XP, Windows Vista®, or Windows® 7
- Available USB port
- Internet access required for software download.
- Software required for connecting additional devices with Unifying receiver. Software available for download at [www.logitech.com](http://www.logitech.com).
