

Logitech Mini Controller

Use the Logitech Mini Controller to search, click, and watch Google TV. It's a thumb-sized keyboard, touch pad, and remote control in one, sized just right for your coffee table.

Noteworthy Features

- Thumb-sized QWERTY keyboard
- Dual-mode touch pad and D-Pad
- Full entertainment-system controls
- Illuminated, backlit keys
- Rechargeable Li-ion battery
- 2.4 GHz wireless connectivity
- Works with Google TV systems, including Logitech Revue

The ideal companion for Google TV...and your coffee table. Designed specifically for Google TV systems, including Logitech Revue, this thumb-sized keyboard with dual-mode touch pad and entertainment system remote gives you endless entertainment at your fingertips.

Control Google TV with the comfortable, thumb-sized keyboard.

Type, Search and Navigate Fast

Full-featured and space-saving, the Logitech Mini Controller lets you quickly enter text to search for what to watch, navigate the Web with ease, and control your entertainment—without a mouse or remote.

- Enter text easily with the thumb-sized QWERTY keyboard
- Play, Pause, Rewind and Fast Forward with entertainment-system controls
- Navigate sites and scroll vertically with dual-mode touch pad—no mouse needed
- Find the right keys even in the dark with illuminated keys
- Power up and charge less often with rechargeable Li-ion battery
- Advanced 2.4 GHz wireless with Logitech Unifying technology provides a reliable, long-range connection that lets you connect up to six compatible wireless devices.

Dual-mode touch pad and directional pad.

Entertainment-system controls at your fingertips.

As stylish as it is compact.
