

LOGITECH® COOLING PAD N120

Quiet cool beat the heat

Protect your lap and desk from notebook heat with this USB-powered cooling pad featuring a whisper-quiet fan and sleek, contoured design that looks good in any room in your home.

- Cooling pad distributes air quietly and evenly under your laptop
- Pad can be used on your desk or on your lap
- Versatile design, with colors and shape of pad inspired by nature
- Built for low-power consumption with minimal impact on your notebook battery

FEATURE AT A GLANCE

Slotted surface with virtually silent flow

The USB-powered fan distributes air quietly and evenly under your notebook.

Efficient rear air intake

Get ready, unobstructed airflow that keeps heat off you—whether it's on your lap or desk.

Sleek, versatile style

The neutral color and contoured shape look right at home, whatever your décor and laptop style.

Low-power consumption

Designed for efficiency, this cooling pad has minimal impact on your notebook's battery.

WORKS WITH

PC and Mac notebooks with up to a 15.6-inch display

WHAT'S IN THE BOX?

- Logitech Cooling Pad N120
- Quick-start guide
- 2-year limited hardware warranty

Which Logitech Lapdesk or Cooling Pad Is Right For You?

IF THIS SOUNDS LIKE YOU:

You're primarily concerned with **keeping laptop heat away** from your body while working at your home office, relaxing on the couch, or looking up recipes in the kitchen.

You like to use your laptop on your lap all around the house and on the go, but also love to **use an external mouse** (you know, instead of the one built into your laptop).

You **crave comfort** while using your laptop wherever you are at home...the couch, your favorite chair, or even laying in bed.

You want to get comfy and get **big sound** when you listen to music and watch movies on your little laptop or netbook.

You want to keep your lap cool and comfortable and want **great sound** while watching movies, playing games, or cranking your tunes.

WE RECOMMEND

Logitech Cooling Pad N120

It's built for heat protection and optimal air flow with a USB powered fan that distributes air evenly and quietly under the notebook case.

Logitech Portable Lapdesk N315

It's made to go with you wherever you go (aka "ultra portable") plus its got this really cool slide out tray for extra comfortable "mousing".

Logitech Comfort Lapdesk N500

It's Logitech's most comfortable lapdesk with a soft mesh underside that's oh so comfy on your lap.

Logitech Speaker Lapdesk N550

It's the perfect size for smaller laptops. Built-in stereo speakers and a wide cushioned base make movie time super comfortable.

Logitech Speaker Lapdesk N700

It's all-in-one fun with a soft foam underside for comfort and heat protection, plus it has awesome HD 2.0 speakers built right in!
