

LOGITECH® WIRELESS KEYBOARD K270

Reliable wireless—
wherever you use
your keyboard

Type, surf and check email at your desk or from the couch. With a tiny leave-in USB receiver and reliable long-range wireless connection, this sleek keyboard lets you work or play in more places.

FEATURE AT A GLANCE

Logitech Unifying receiver

Enjoy plug-and-play setup with one tiny wireless receiver that stays in your computer and lets you add up to six Unifying-compatible devices.

Robust wireless

Advanced 2.4GHz wireless gives you the reliability of a corded connection from up to 10 meters (33 feet) away from your computer*

Stay powered for years

- Go for 24 months without having to change batteries.**
- No need for On/Off buttons—Auto-standby saves battery power

Eight activity hot keys

Simplify everyday activities with instant access to the Internet, your favorite website, e-mail, play/pause, volume and more.

Compact design, full-size layout

- Sleek design is great for tight work spaces
- Familiar standard layout
- Type comfortably with full-size keys, number pad and a wide, curved spacebar

WORKS WITH

- Windows® XP, Windows Vista®, or Windows® 7
- USB port

WHAT'S IN THE BOX?

- Keyboard
- Unifying receiver
- 2 AAA batteries
- User documentation
- 3-year limited hardware warranty
