[4c] For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. [7] GHz refers to internal clock speed of the processor. Other factors besides clock speed may impact system and application performance. [10] Internet access required and not included. [10a] Internet access required and not included; registration required. [19] Wireless access point and Internet service required and not included. [30c] Testing conducted by HP consisting of full battery discharge while running a 720p HD video playback with the speaker at default volume as the audio output device. Prior to testing, the system was fully charged and set to display brightness of 150 nits, Bluetooth off and WLAN off. Battery life will vary depending on the product model, configuration, loaded applications, features, use, wireless functionality and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. [37] Supported on Windows and Android operating systems. Companion Snapfish iOS app available for download. Snapfish membership required. Internet service required and not included. [60] Click on the Box tile on the Start screen of your HP computer and register for a new account to receive the offer. Offer valid through December 31, 2014. [76] Weight and system dimensions may fluctuate due to configuration and manufacturing variances. [85b] Use of HP ePrint Home & Biz app requires Internet- and email-capable smartphone or tablet with separately purchased wireless Internet service, an Internet connection to the printer, and HP Web Services Account Registration. Wireless performance is dependent upon physical environment and distance from access point. Both the printer and mobile device must be on the same wireless network. Wireless operations compatible with 2.4 GHz routers only. See www.hp.com/go/mobile-printing-solutions for details on compatible devices and supported documents and file types.
