

hp HP W2072a 20-inch LED Backlit LCD Monitor

Performance with style

Combine impressive form and function with eco-solutions for a slim and sleek LED monitor at an amazing price.

Sophisticated quality, without the sophisticated price tag

This stylish, affordable monitor offers everyone the chance to enjoy everyday computing in a whole new light. The HP W2072a LED Backlit Monitor was built with a refined design in mind and quick set-up features for a simple solution when connecting to your HP desktop or notebook.

- Quality performance to fit your personal budget
- Slim profile taking up minimal desktop space
- 20-inch diagonal screen size for all your computing activities
- “Plug & Play” for quick set up
- VGA and DVI-D (with HDCP) inputs for easy connectivity
- Built-in speakers for quality sound

The power of LED

Experience the benefits of LED backlighting. It reduces the number and overall size of components in your monitor for an attractive slim-factor, while taking the necessary steps to help you “go green.” With mercury-free LED backlighting, you can expect lower power consumption and quick on/off switching time in comparison to CCFL monitors.

Inspire your digital life

Take in 20-inches of high-quality viewing pleasure with impressive screen performance features. Whether you are checking social media and email, viewing photos or watching your favorite videos or shows, the W2072a monitor delivers a crisp, clear view with:

- 1600 x 900 crisp screen resolution
- 5ms on/off response time processor⁽⁹⁾
- 3,000,000:dynamic contrast for deeper imagery⁽³⁾
- 72% color gamut
- 200 nits of Brightness

Eco-highlights

Sure, we’ve gone ahead and designed an affordable monitor with slim features and solid performance enhancements, but the HP W2072a 20-inch LED Backlit Monitor was designed with the environment in mind, too.

- Arsenic free display glass⁽⁶⁾
- Mercury free LED backlighting
- Recyclable plastics and packaging
