JBL ON STAGE®* MICRO III

Portable loudspeaker dock for iPod and iPhone

Let your favorite music take center stage in style, anywhere you and your friends get together. Battery operated and weighing in at less than a pound (0.45kg), the JBL On Stage® Micro III can go virtually anywhere. And with two JBL® Odyssey® full-range transducers, there are few rooms (or outdoor spaces, for that matter) it can't flood with realistic JBL sound. Use a USB cable to sync and charge your iPod or iPhone with iTunes, and navigate your library with the JBL On Stage Micro III's IR remote control.
