

HOW TO SERVICE YOUR NIXON WATCH

SERVICE INFO

Nixon offers a limited warranty of defects in materials and workmanship for a period of two (2) years after original purchase from an authorized Nixon dealer. This means that if the materials in your watch aren't right or if the watch isn't put together correctly, we'll repair or replace it, at our option. But, this doesn't mean you can abuse your watch and expect us to fix it for free. We don't cover normal wear and tear or batteries, crystal, watch case, strap, bracelet, loss or theft. You will void your warranty if you open your case back, push the buttons underwater, or forget to screw down or push in the crown and expose your watch to moisture.
