FAQ	9

Overview

Pay as you go—no minimum requirements, setup charges or subscription fees.

Ship your products to our fulfilment centres and pay for order shipping services and storage space used.

Optional services are bookable on top.

1. Shipping Fees

Shipping Fees depend on whether your products are sold on Amazon or other sales channels, which type, dimensions and weight your products have, which countries you sell in and where you want to store your inventory.

Sales channel

With FBA, you can fulfill products that you sell on Amazon as well as products that you sell on other channels.

- For items sold on Amazon, one shipping fee covering picking, packing and shipping applies.
- For shipments sold on other channels, costs are split into a picking and packing fee, and a shipping fee. The fees varies depending if the items sold are media products (Books, Music, Video Games, DVDs, Blue-ray, VHS and Software) or non-media products.

Product dimensions

You can ship in letters or parcels, from 10g to 30kg - costs will vary. Package units exceeding the following measurements are considered as Oversize: 12 kg or more, 45 cm or more on its longest side, 34 cm or more on its median side, and 26 cm or more on its shortest side.

Marketplace of Sale

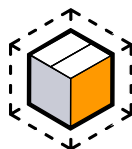

With FBA, you can fulfill your products sold locally or internationally.

Inventory location

You can store inventory locally or ship it cross-border. For German inventory, you can opt to store your inventory in Poland and Czech Republic, in addition to Germany as part of the Central Europe Program (CEP) for lower shipping costs.

Customer returns

Customer returns are free of charge for all product categories except for shoes and clothes, where the FBA shipping fee is applied for customer returns.

2. Storage Fees

Storage fees are charged monthly based on the average daily cubic metre or cubic feet (UK) you have used that month. Fees vary between low season (January – September) and high season (October to December).

Long Term Storage Fee

On 15 February and 15 August every year, FBA conducts an inventory clean-up. At this time, inventory items that have been in our Fulfilment centers for 6 months or more will be charged a Long Term Storage fee.

3. Optional Service Fees

Optional services include packaging services, returns handling and remissions and are charged separately.

Removal

You can ask to have your inventory returned to you at any time, hassle-free. The rate includes return shipment to an address in your seller account registration country.

Disposal

You can request to have your inventory disposed of on your behalf.

Label Service

Application of FBA item labels to products.

Bagging

Additional packaging layer for liquids, special products or fragile items.

Bubble wrap

Additional layer of packaging for fragile items like glass.

Taping

For packaging and tighter sealing.

Opaque Bagging

Additional opaque packaging

Have a question?

Please see our FAQ on page 9

Calculating your fees

Simply add together your shipping and storage fees and any option services you require to calculate your total FBA Fee. The shipping fee is based on the weight of the items plus the weight of the packaging.

1. Shipping Fee

A flat fee per unit, based on the product type, dimension and weight

2. Storage Fee

Charged per cubic metre or foot per month

3. Optional Services Fee

Include packaging services, returns handling and remissions and are charged separately.

1. Shipping Fee per fulfilled product

Please see our FAQ on page 9

Calculating your fees

Simply add together your shipping and storage fees and any option services you require to calculate your total FBA Fee. The shipping fee is based on the weight of the items plus the weight of the packaging.

1. Pick and Pack Fee

A flat fee per unit

2. Shipping Fee

A flat fee per unit, based on the product type, dimension and weight

3. Storage Fee

Charged per cubic metre or foot per month (see page 8)

4. Optional Services Fee

Include packaging services, returns handling and remissions and are charged separately (see page 8)

1. Pick and Pack Fee					
	UK	DE	FR	IT	ES
Local	£4.50	3.75 €	5.40 €	3.75 €	2.35 €
To another EU country	£4.05	3.50 €	5.40 €	5.40 €	2.35 €

2. Shipping Fee per fulfilled product													
	Local shipment (domestic FBA/MCI) within:					Cross-border shipment (FBA Export) from:							
	UK	DE	FR	IT	ES	from UK		from DE		from FR, IT		from ES

Taping	0.20 € / £0.10	0.40 € / £0.20
Opaque Bagging	0.90 € / £0.50	1.80 € / £1.00

All fees are exclusive of VAT and other taxes that are payable by the seller

Have a question?

Please see our FAQ on page 9

Fulfilment by Amazon Fees

Q: Do I still pay Selling on Amazon fees?

A: Yes, if you sell on Amazon. Selling on Amazon fees only apply to orders placed on Amazon Marketplaces and not for Multi-Channel Fulfilment orders. For current selling plan features and prices, please visit the Selling on Amazon website.

Q: How are shipping fees calculated?

A: Shipping fees are calculated based on the total weight of the parcel, including items and packaging, and the dimensions of the parcel. The total weight is checked by Amazon and rounded up to the nearest 1g. Unit weights, dimensions, and other measures used to calculate fees are as determined by Amazon and are subject to variations based on packaging. Dimensions include item packaging and may change based on packaging type.

Q: How are storage fees calculated?

A: Storage fees are charged for all units stored in an Amazon fulfilment centre based on calendar month and your daily average volume per cubic metre (or cubic feet for UK). The cubic metre of any unit will be based on the unit's size as properly packaged and ready for shipment to customers in accordance with the FBA Programme Policies. Amazon will be entitled to make its own measurement of the cubic metre or weight of any packaged unit or representative sample thereof and in the event of any conflict between such measurement and information provided by seller, Amazon's measurement will govern.

Q: What are the Long Term Storage Fees?

A: On 15 February and 15 August of every year, FBA conducts an inventory cleanup. At this time inventory items that have been in our fulfilment centers for between 6 to 12 months will be assessed a long-term storage fee of € 500/ £441.25 per cubic metre and items that have been for 12 months or longer will be assessed a long-term storage fee of € 1000 / £882.50 per cubic metre. The fee is in addition to the regular Inventory Storage Fee and will not be charged if a request has been made to remove or dispose of the units prior to the fee being charged.

Q: What are the costs for customer returns?

A: Handling and costs for customer returns are provided by Amazon at no additional charge to you with the exception of a Returns Processing Fee for the Clothing and Shoes categories. The returns processing fee is equal to the total fulfilment fee for a given product. These fees will apply to units fulfilled from local inventory as well as across Europe through the European Fulfilment Network (EFN) program. The Returns Processing Fee will not be charged in cases where the reason for the return is one for which Amazon takes responsibility.

Q: What is Zero Fee Fulfilment?

A: Standard-size units sold on Amazon.co.uk, Amazon.de, Amazon.fr that sell for €350/£300 or more are eligible for Zero Fee Fulfilment. For such items you do not pay Fulfilment Fees. Other fees such as Storage fees, Optional Services, and Selling on Amazon fees still apply. Oversize items and items ordered via the Multi-Channel Fulfilment option are not eligible for Zero Fee Fulfilment.

Fulfilment by Amazon Policies

Q: Am I restricted on the types of products I can fulfil through FBA and Multi-Channel Fulfilment?

A: Yes. Please consult the FBA Programme Policies for detailed information about product restrictions. The maximum weight for any single unit to be fulfilled by Export for Multi-Channel is 30 kg.

Q: What is the Central Europe Programme (CEP)?

A: Amazon has extended its German Fulfilment network by several new Fulfilment centres in Poland and Czechia in order to fulfill growing demand and increase efficiencies. Sellers with German inventory can opt to either store their inventory in Amazon's fulfilment network including Poland and Czechia or continue to store their inventory exclusively in Germany. Sellers storing their inventory exclusively in Germany are charged an additional € 0.50 of Fulfilment Fee per FBA unit shipped from German fulfilment centres. Sellers who are part of the Pan-European FBA program are not charged this fee.

Q: What is FBA's policy for customer returns and inventory that is lost or damaged?

A: Customer returns are free of charge for all product categories except softlines products (clothing, apparel, shoes, jewelry), where the FBA shipping fee is applied for customer returns.

A: We maintain high standards when it comes to taking care of your inventory. However, occasionally accidents do happen. Learn more FBA's Lost and Damaged Inventory Reimbursement Policy.

Q: Will my Multi-Channel orders be eligible for fast delivery options and Amazon Prime?

A: Only orders originating from your sales on Amazon and in your home marketplace will be eligible for 1-day delivery and other fast delivery options. Only on-Amazon orders are eligible for Amazon Prime.

Q: Can I submit Export for Multi-Channel orders through MWS and Flatfile?

A: Yes you can.

Q: What are the standard and expedited shipping options for Multi-Channel Fulfillment?

A:

	Domestic	
	Standard	Expedited
UK	1-2 days	1 day
DE	1-3 days	1 day
FR	2-3 days	1 day
IT	2-5 days	1-3 days
ES	3-5 days	1-2 days
	Export	
	Standard	Expedited
UK	1-12 days	n.a.
DE	1-12 days	n.a.
FR	1-12 days	n.a.
IT	1-12 days	n.a.
ES	1-12 days	n.a.

International selling

Q: What are the international Fulfilment options?

A: Fulfilment by Amazon offers five international Fulfilment solutions: Pan-European FBA, European Fulfilment (EFN), FBA Export, and Multi Country Inventory (MCI).

Q: What is Pan-European FBA?

A: With Pan-European FBA, sellers send their inventory to one local Fulfilment centre and Amazon distributes it to all 5 European marketplaces based on demand. Only local FBA fees apply. Participation in CEP and tax registration in 7 countries is a requirement, for which Amazon offers tax packages. Find further information on the Amazon Services website.

Q: What is EFN and FBA Export?

A: With European Fulfilment (EFN) you can reach local customers in all 5 European Marketplaces with local product listings. For example, an Italian customer shopping on Amazon.it can see products sold by a UK seller with a product listing translated in Italian, and buy it for delivery to Italy.

A: With FBA Export, sellers allow Amazon to fulfill orders from the home Marketplace site to other countries. There are no extra fees for the seller, only a set-up of FBA Export fees by the seller is required. For example, FBA Export would apply if a Polish customer shops on Amazon.co.uk and gets his order delivered to Poland. Find further information on the Amazon Services website.

Q: What is MCI?

A: Multi-Country Inventory (MCI) allows you to send items directly to international Amazon fulfilment centres for storage in the other 4 marketplaces that are not your home marketplace. Just like Pan-European FBA, only local FBA fees apply; however, you need to manage inventory and demand forecasting yourself.

Q: Can I charge different prices for the same product on different marketplaces?

A: Yes.

Q: What are the tax implications of international selling?

A: If you sell goods in any EU country, it's likely you may be required to register for Value Added Tax (VAT) in each country you sell in. Visit Amazon's VAT Knowledge Centre to [get started with our helpful guidance](#). Remember: it's the responsibility of each Amazon seller to ensure they are VAT-compliant and you should seek professional advice if you are unsure of your obligations.

Q: Will my international orders be eligible for fast delivery options to customers and Amazon Prime?

A: All orders will be eligible for Amazon Prime, regardless of marketplace. However, only orders shipped within the country of the customer's delivery address will be eligible for 1-day delivery and other fast delivery options.
