

KAMP-RITE TENT COT, INC.

P.O. Box 876

Lovelock, NY 89419

800/709-9905

SET UP INSTRUCTIONS

Setting Up Your Tent Cot as a bed/tent:

1. Remove from carry bag, release buckle on strap.
2. Lay on side for ease of set up.
3. Spread both legs to fully open position.
4. Be sure 3 Velcro fasteners are securing the top of tent to upper support bars on both end of Tent Cot.
5. Run end straps (hanging from both ends of Tent Cot) around the bottom rung of support legs. Then connect the snap buckle, being sure to leave plenty of slack until both sides are connected, as per diagram.
6. Tighten both straps until snug and Tent Cot is fully erected, as per diagram.

Your Tent Cot is now ready for use. Zippered flaps on sides and ends may be used for ventilation. No-See-Um mesh panels on sides and ends may be lowered for protected from insects.

Converting Your Tent Cot from a bed to a lounge chair:

1. Release the three Velcro closures at the top of both upper tent support bars.
2. Fold upper tent support bars down until they are resting on the ground.
3. Turn Tent Cot on side.
4. Release only the bottom strap from the leg under the tent support bar marked CHAIR BACK.
5. Raise the tent support bar marked CHAIR BACK until it clicks and locks into position.
6. Re-connect bottom strap to the bottom of the leg brace, then tighten strap until snug.
7. Smooth out tent top over frame of lounge chair

Your Tent Cot has now been converted to lounge chair.
