

## Instructions

1. Plug CoolStream into docking station or car iPhone cable.
2. Go to "Settings" on your mobile device and activate Bluetooth.
3. Power on docking station then press CoolStream power button and hold for 3 seconds.
4. Once CoolStream appears on your device, tap to pair.
5. Enter pass-code 0000 (four zeros) to finalize connection.
6. Play music from your device.
