

Logitech® Z-5300

5.1 Configuration • THX® Certified

Feel all the action on your PC or game console with breathtaking 5.1 surround sound. With THX-certified quality and 280 watts (RMS) of thunderous power, the Z-5300 takes your movie and game experiences to a level you never thought possible.

Its patented dual chamber subwoofer pounds out twice the bass of conventional designs to deliver deep, loud and powerful bass. Polished aluminum phase plug satellite drivers project superb high-end and rich mid-range tones for balanced sound. Its full-featured SoundTouch™ wired remote provides convenient controls for quick adjustments. Rotating pedestals allow easy installation on wall or desktop. The Z-5300 also features removable grilles for a high-end, custom look.

Got a Sony® PlayStation®2, Microsoft® Xbox®, or Nintendo GameCube™? Just plug in the X-5300 using the convenient video game console adapter and immerse yourself in the explosions, music, and dialogue of your favorite games.

- Immerse yourself in sound with the subwoofer and five satellite speakers
- Conveniently control volume and power with the wired remote, which features an LCD screen and headphone jack
- Enjoy twice the bass of conventional designs with our patented subwoofer design
- Place the satellites on a shelf or mount them to a wall
- Use Matrix mode and source selector switch to create breathtaking 5.1 surround sound from stereo, 4 channel, or 5.1 sound sources
- Easily hook it up to your video game console with the included adapter

More Sound, More Intensity

- High power and THX performance for demanding gamers
- Patented dual chamber subwoofer plays louder and goes lower for unbelievable bass
- Subwoofer delivers twice the bass energy of conventional designs
- Polished aluminum phase plug satellites combine two drivers into one: the clarity of a tweeter with the richness and fullness of a separate mid-range
- Use Matrix mode and source selector switch to create breathtaking 5.1 surround sound from stereo, 4 channel, or 5.1 sound sources
- Exercise complete control over your listening experience with the full-featured SoundTouch™ wired remote control, featuring LCD screen, headphone jack, and volume controls for both the entire system and each channel

- Pedestals rotate easily for wall mounting or desk placement
- Innovative design features removable grilles & aluminum phase plug drivers
- Video game console adapter works with Sony® PlayStation®, Sony® PlayStation®2, Microsoft® Xbox®, or Nintendo GameCube™ using stereo RCA (red and white) audio cables
