

## Word Play

Put your love of language to the test.

**Ages 7+**  
**Single Player**  
**Word Game**

How many words can you spell with the letters W-N-O? Arrange your cubes to spell as many words as possible before your time runs out. Challenge your friends and expand your vocabulary!

## Oogor's Day

Explore Oogor's world and help him make friends.

**Ages 4-6**  
**Single Player**  
**Learning Game**

A storytelling game that lets you control the adventure. Bring characters to life and have them interact. How will Oogor's Day go? It's up to you!

## Mount Brainiac

Use your smarts to help Pappus get his memory back.

**Ages 7-11**  
**Single Player**  
**Learning Game**

A suite of games for practicing spelling and math. Pappus takes care of letters and numbers. When Pappus loses his memory, everything gets mixed up. Can you help Pappus get his memory back?

## Smörgåsbord

Make the most plates at the buffet to please the persnickety chef.

**Ages 7+**  
**1-5 Players**  
**Social Game**

Based on the card game of Rummy. Exchange meats with other players or draw from shared trays. Finish plates and yell "Smörgåsbord!" faster and louder than your friends.

## Booker the Penguin

Guide Booker through a dangerous world and avoid the hungry Owlbear.

**Ages 7+**  
**Single Player**  
**Arcade Game**

Race through dynamic mazes. Lay a path for Booker to find eggs before Owlbear gets to them - or to him!

## Chroma Shuffle

Discover the way of the dots.

**Ages 7+**  
**Single Player**  
**Puzzle Game**

A puzzle game like no other. Arrange your Sifteo cubes to match and clear dots. Tilt a cube to shift the dots. Play to solve a puzzle or to rack up a high score.

## No Evil Monkeys

**Ages 7+**  
**Single Player**  
**Puzzle Game**

Unscramble the mixed-up monkeys.

These monkeys have gotten themselves all mixed up. Neighbor and tilt your cubes to slide the tiles and unscramble the pictures. Taming these monkeys will take all your brainpower - and then some!

## Blok 9

**Ages 7+**  
**1-4 Players**  
**Puzzle Game**

The balance of the elements can be swayed by a single move.

A unique twist on classic strategy games. Place pieces on the board (and capture your opponents' pieces) to capture territory. Play against friends or against the Void.

## Moon Marble

**Ages 7+**  
**Single Player**  
**Arcade Game**

Bounce from star to star with the moon.

The moon ran off to reach for the stars. The rats, thinking the moon was made of cheese, went after it. Roll and bounce the moon around a maze of obstacles. Collect all the stars to win, and don't get eaten by the rats!

## The Cogwell Twins and the Amazing ALPHA-MATIC

**Ages 4-6**  
**Single Player**  
**Learning Game**

Identify letters to help the twins build their machine.

A game that helps pre-readers learn to recognize letters by their sounds. Lay down a path and listen to letter-sounds. Identify letters to create new parts for the Alpha-Matic.

## LoopLoop

**Ages 7+**  
**Single Player**  
**Exploration Game**

Compose music and experiment with sound.

Listen to your song grow and change as you link sounds together and on top of one another. Mix some LaLa and BoomBoom with a little PshPsh and a bit of HeeHee to create your own unique song.

## Matchination

**Ages 7+**  
**Single Player**  
**Puzzle Game**

Open your eyes and your mind to find the true path.

A mindbending puzzle game of finding new connections and patterns. Connect objects with combinations of the same shape, color, or pattern. Let Matchination push your pattern recognition abilities to the limit and beyond.
