

sengled element classic

LED Smart Lighting Starter Kit

- Long-lasting, programmable LED bulbs with control hub
- No-wire installation connects to your home Wi-Fi and iOS/Android device
- Scheduling, dimming, and whole home control through Element app or the Amazon Alexa voice control platform
- Stays up-to-date with OTA firmware upgrades

The Practical & Flexible Smart Lighting System

It's simple to get smart about your lighting with the affordable, easy-to-use Element Classic Starter Kit. This kit includes two A19 LED Element Classic bulbs (the right fit for most lamps and interior fixtures) and the Element Hub which provides secure, instant access to your system wherever and whenever you need it. For whole home app- or voice-controlled lighting, add up to 50 Element bulbs on a single hub.
