Getting Started

✦ Software Driver and Hardware Installation

Important: Do Not plug in *EZCam II* until you have followed the instructions below.

1. Turn on the power of your PC

2. Install *EZCam II* drivers

- Insert the bundled software CD disc to your CD-ROM drive and install the drivers for your camera. The InstallShield will guide you through the rest of the installation.
- After system restart, plug your *EZCam II* to your USB port.

3. Plug-in *EZCam II*

Refer to the following illustrations (for Desktop [Fig.1] and Notebook [Fig.2] installation) to install *EZCam II*.

[Fig.1]

[Fig.2]

If system asks for a file, '**cnxtcam.ax**' during hardware installation, please browse installation disc (software disc, under CD-ROM "driver letter":\ 'Conexant' folder) to get the file.

If a dialog box appears with, "A file being copied is older ... **kswdmcap.ax, vfwwdm32.dll and vfwwdm.drv,**" click "**yes.**"

EZCam II needs Windows 98/2000 files to work. If your system already has these files, driver will be installed without prompting dialogs, but it is possible that your system does not have these files installed. In this case, Windows will prompt you to insert Windows 98/2000 CD-ROM. Please follow on-screen instructions to complete installation.

4. Install your bundled software (Note: some bundled software titles may not work with Windows 2000)

5. Installation complete and *EZCam II* is ready to use with installed software

Enjoy and thank you for choosing Ezonics. For immediate technical assistance, please visit our web site at **www.ezonics.com** support link for our troubleshooting walk-through. For e-mail support, send e-mail to us at **rcenter@ezonics.com**. Provide us with the product model, serial number, and descriptions of your system and problem. The normal turn-around time for e-mail service is 24 hours once the request is received by our technical support engineer. For phone support, call us at 1.925.468.0818. Technical support is available 5 days a week, from 8:30 a.m. to 5:30 p.m., Pacific Standard Time. Toll-free phone support is available for one year from the date of purchase.
