

product overview

While other dining and serving utensils contaminate your foods and beverages, ours never compromise quality, purity or taste. These eco-friendly utensils by One White Apple are disposable and made out of solid birch wood, making them completely free of chemicals, impurities and toxic plastics. Use the wooden cutlery during special events, such as weddings, baby showers and birthday parties, use them when catering or use them for crafting purposes.

bullet points

Safe Wooden Utensils

All Natural Birch Wood

100% Non-Toxic & BPA-Free

Conveniently Disposable

product features

Natural: All utensils are made out of premium birch wood and nothing else.

Strong: The utensils featured in our collection are impressively sturdy.

Disposable: Simply toss out the wooden utensils when finished. They're recyclable!

company details

The chemicals in plastics can cause various health issues, including cancers, infertility, heart disease and ADHD, which is why it is best to choose dinnerware that is free of this toxic material. And, while there are many earth-friendly brands out there, there's only one viable choice.

Our team here at One White Apple is committed to providing our customers with the finest quality all natural items that make their lives easier, safer and healthier. Since we understand that it is important to take care of the earth that does so much for us, we also make it a point to ensure that all of the products we offer are 100% biodegradable, compostable and recyclable.

Compostable

Compostable products will naturally degrade into nutrient-rich organic materials when disposed of with other compostable items, leaving no visible or toxic residue.

Biodegradable

Upon disposal, biodegradable products are capable of being broken down by biological microorganisms, without harming the environment.
