- not evaluated
x evaluated but not compatible

- *1 Connection is not stable when a cellular phone connects to base unit
- *2 No beep sounds from headset during incoming calls
- *3 Cannot end talk by headset talk key during headset talk.
(To end talk, need to press baseunit SP-Phone key.)
- *4 To seize the line, double click headset talk key.
However if user click headset key single,
then user can never seize the line by headset talk key.
This phenomenon will improve after disconnecting
and connecting headset again.
- *5 Headset beeps only 1 time(does not sound repeatedly).
Same phenomenon also occurs with other mobile phone.
- *6 Beep sound interval is not stable during incoming calls.
