

# The GP Lifetime Warranty

Grey Pneumatic Impact Sockets, Duo-Socket®, Ratchets & Chisels are warranted against defects in materials and workmanship for the life of the product. Quick change retainers and some special application items are warranted for one year from the date of purchase. Some items are No-Warranty and are marked on the product. These warranties do not apply to items that have been misused, abused, altered in any way, or worn out from use. Grey Pneumatic makes no other warranties with respect to our products or their suitability for specific applications.

**Sets:** Warranty on sets applies to the individual parts within the set. If one part is deemed under warranty, we will replace that part and not the complete set.

**Ratchets:** Grey Pneumatic will, at its option, provide repair parts, repair, or replace any ratchet deemed covered under warranty. Use of handle extension bars will void all ratchet warranty as will visible signs of abuse to the handle or any other areas.

All claimed warranty tools must be returned to the place of purchase for replacement. In cases where there is a question regarding possible defective or abused tools, the distributor will return them to Grey Pneumatic for a determination. After a determination is made, we will credit, replace, or repair the tool at our option. Tools that have been ground, filed, welded, hammered, or modified in any way are not covered under the GP Lifetime Warranty.

Grey Pneumatic shall not be liable for any consequential or incidental damages incurred by the purchaser. Buyer's sole and exclusive remedy for any loss incurred shall be a refund of the selling price. The exclusive remedy for any product found to be defective under the above warranties is limited to the repair or replacement of the defective product without charge.

**IMPORTANT NOTE:** Due to many unauthorized internet resellers, GP recommends that its products be purchased from an authorized dealer in order to assure future warranty service and support. GP assumes no service liability for products purchased from unauthorized sources. GP recommends that you check your source of purchase for their service and warranty/return policy before purchasing. GP authorized distributors are required to provide service and support for all GP products sold.

All sockets for warranty consideration must be returned to the place of purchase for replacement. In cases where there is a question regarding warranty, the distributor has the right to return the socket to us for determination before a replacement is issued. Only authorized distributors are allowed to handle warranty replacements. For a listing of authorized distributors in your area, please [contact us](#).

Manufacturers' warranties may not apply in all cases, depending on factors such as use of the product, where the product was purchased, or who you purchased the product from. Please review the warranty carefully, and contact the manufacturer if you have any questions.
