

Warranty Information

Power Probe products undergo a strict quality control inspection for workmanship, function, and safety before leaving the factory. From the date of purchase, we will warranty/repair Power Probe products for one (1) year against defects in parts and workmanship. All repairs due to misuse will be charged a fee not to exceed the cost of the tool. All warranty units must be accompanied by a copy of the original sales receipt. If your unit is out of warranty or you do not have a sales receipt there might be a nominal fee. Repaired items are normally shipped the day after receipt, unless we have to call you for payment of an out of warranty repair.
