XYZprinting does not perform warranty services outside of the region where you bought the product.

- **What XYZprinting Will Do?**

In the event a Product defect is covered by this warranty, XYZprinting will repair or replace the Product at no charge to the end-user, other than any shipping charges as stated below.

- **How to Get Service.**

If warranty service is needed, in North America, please contact your original seller or email us at supportus@xyzprinting.com. In order to receive warranty service, you must provide the Product name, serial number and date of purchase.

If the Product is eligible for warranty service, you will receive a Return Merchandise Authorization (RMA) number and the address of the service center to which the Product should be shipped for warranty service. When you receive an RMA number, you must ship the Product to the specified service center with the RMA number printed on the shipping label or on the shipping carton. An RMA number is required before you ship the Product for warranty service. If you fail to include an RMA number on the shipping label or the shipping carton, any repair or replacement of the Product could be delayed.

- **Payment for Shipping Costs.**

The end-user is responsible for the costs of shipping the Product to the assigned service center for warranty service. If an end-user submits a Product for warranty service within the warranty period, the Product has a Product defect covered by this warranty, and the end-user is located within the continental U.S., XYZprinting will be responsible for the costs of shipping the repaired or replacement Product to the end-user. In all other cases, the end-user is responsible for the costs of shipping the Product back to XYZprinting. If XYZprinting determines in its sole discretion that the circumstances so warrant, XYZprinting may elect to reimburse the end-user for the end-user's shipping costs.

XYZprinting ordinarily uses ground shipping for the return of a Product to the end-user after any warranty service. If an end-user requests that the Product be returned by an alternate method of shipment, and XYZprinting agrees to the alternative method, the end-user is responsible for the costs of the shipment by the alternative method.

- **Other Terms and Conditions.**

When providing any warranty service, XYZprinting reserves the right to repair the Product with materials and parts selected by XYZprinting or to replace the Product with another product of the same kind, at the option of XYZprinting. Any replacement product may be new, refurbished, or used, provided that the replacement product has functionality at least equal to that of the Product being replaced. After any repair or replacement, the original warranty period will continue from the end-user's purchase date without extension or renewal.

XYZprinting may charge the end user for all costs incurred by XYZprinting with respect to a Product submitted for warranty service under any of the following circumstances:

- **Misuse:** In the case of any defect or damage to the Product caused by incorrect use, improper installation, abnormal wear, physical damage or deformation caused by falls or blows, burnt circuits resulting from action by the user, broken or bent interfaces or pins, or any other defect or physical damage to the product caused by misuse.
- **Incompatibility issues:** In the case of any problem not directly related to the Product itself, such as a complaint of a conflict with or interference from other electronic equipment, a failure to perform as the user expected, noise from motor operation, printing speed, or odor caused from printing.
- **Damage caused by force majeure** (such as a lightning strike, fire, earthquake, floods, civil disturbance or war, or any other event beyond human control.)
- **Any request for warranty service after expiration of the warranty period.**
