- ◆ 6-cell Li-ion Battery (4400 mAh), up to 6-hours battery life
- ◆ 3.08 pounds | 1.4 kg (system unit only)

Selling Points

1 Ultraportable Size, Big Performance

Coming in around 3 pounds and 1" thin, this notebook is big on performance, beginning with an **11.6" HD LED-backlit display** for you to see more of your movies, photos, documents and web pages with less scrolling.

The AS1410 Notebook powered by **Intel® Centrino® processor technology** brings together great performance and longer battery life in a sleek, slim design.

Windows Vista® Home Premium is a safer, easier and more entertaining operating system, letting you create DVD movies and manage music and photos in the Media Center.

Breeze through task after task with **2GB DDR2 memory** (upgradeable to 4GB) and quickly retrieve and store files on the **large 250GB hard drive**.

2 Stay Connected to the Internet and Friends

With advanced **Intel 802.11a/b/g/Draft-N wireless** and **Fast Gigabit Ethernet LAN** connectivity you will always have a way to jump on the Internet and access email, browse the web, connect to your social networks and more!

Acer Crystal Eye webcam and **digital microphone** deliver smooth video and superior voice quality so you can maintain in contact wherever you are by means of real-time video streaming, video chat and conference calling.

Stay mobile longer when not connected to an AC outlet with the 6-cell battery providing up to **6-hours of battery life**.

3 Stylish and Compact Design with Great Features

The extremely thin and streamlined Notebook design comes in **Midnight Black, Sapphire Blue or Ruby Red finishes** to suit your style.

Intel® Graphics Media Accelerator 4500MHD delivers smooth video playback, sharp images and precise color control. With **Dolby® Headphone** support, blast realistic surround sound from any set of headphones.

Maximize device connectivity with **HDMI, VGA and 3 USB ports**. Conveniently transfer media and files using the built-in **Digital Media Card Reader**.

(1) Overall system performance is based on several PC at

(2) All available system memory may be allocated for system resource requirements.

(3) Shared system memory may be allocated to support integrated graphics, depending on system memory size and other factors. Actual system memory available to the operating system will be reduced by the amount of dedicated and shared system memory utilized by the graphics solution and resources required by the operating environment.

(4) 1GB is 1 billion bytes. Actual formatted capacity is less and may vary depending on preloaded materials and operating environment.

(5) Battery life varies depending on product specifications, computer settings and applications or features launched. All batteries' maximum capacity diminishes with time and use.

(6) For a free copy of the standard limited warranty end-users should see a reseller where Acer products are sold or write to Acer America Corporation, Warranty Department, P.O. Box 6137, Temple, TX 76503. TFT displays commonly exhibit a small number of discolored dots, so-called "nonconforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect and, as such, is not covered by the limited warranty or by the upgrade programs. For International travelers warranty Valid only in countries where Acer has an authorized repair facility. For a list of those countries go to <http://global.acer.com/support/itw.htm>. or call (800) 816-2237. Services and response times may vary in countries outside the U.S. and Canada

(7) 60-day trial, option to purchase full-version of the Office software will be made after the 60-day trial. All files created during the trial will remain on the PC system regardless of full version purchase.

(8) Internet access required. First 60-days of live updates included, subscriptions required post 60-days.
