
INSTRUCTIONS

7.5-INCH VENTED DOME

CK64081

DESCRIPTION

These domes fit directly onto the standard 10 x 20" cut kit trays to create a humid and warm environment ideal for cuttings and seed germination. Tall 7.5" dome gives extra height for your taller cuttings. Adjustable vents allow for perfect humidity and temperature control.

INSTRUCTIONS

- The dome features one top mounted and two side mounted adjustable vents to achieve fresh airflow and adjust desired humidity levels. More airflow will decrease humidity.
- Place the dome on top of the tray, Rotate the "sun" dials at the top and sides of the dome to open/close the air vents.

FEATURES

- Vented humidity dome
- Easy dial vents for precise control of temperature and humidity
- Durable, high-grade flexible plastic resists cracking
- Designed to last longer
- Great for taller cuttings
- Vented wanted dome creates a humid and warm environment
