

# Guaranteed quality

Every iSi Whipper and Siphon is thoroughly inspected before leaving the factory. iSi offers a two-year warranty for materials and machining, as long as faults are not determined to be the result of improper use. The warranty is effective from the date on the purchase receipt.

Register online now and we will extend your warranty! Enjoy the benefits of a three-year warranty for materials and machining and a five-year warranty for the insulation performance of the Thermo bottle. The warranty is only valid when original whipper parts from iSi are used, as given in the list of product components. The perfect function of your Whipper/Siphon can only be guaranteed if you exclusively use iSi chargers with it. No warranty or liability claim will be upheld for faults, damage, or consequential damage particularly determined to be the result of non-compliance and/or ignorance of the user instructions and the safety information therein.

Register online now and we will extend your warranty!
