

[What is the new Keurig® K-Café™ single serve coffee, latte, and cappuccino maker?](#)

The K-Café™ coffee, latte, and cappuccino maker is one of the latest brewer innovations from Keurig. With the K-Café™ coffee maker you can brew your favorite coffee or make creamy lattes and frothy cappuccinos using any K-Cup® pod.

[What types of pods are compatible with the Keurig® K-Café™ coffee, latte, and cappuccino maker?](#)

The K-Café™ coffee maker brews Keurig® K-Cup® pods. It does not brew K-Carafe® pods, K-Mug® pods, Vue® pods, or Rivo® pods.

- [Can I use the My K-Cup® Universal Reusable Coffee Filter with the K-Café™ coffee, latte, and cappuccino maker?](#)

Yes, the K-Café™ coffee maker is compatible with the Keurig® My K-Cup® Universal Reusable Coffee Filter.

[Does the Keurig® K-Café™ coffee, latte, and cappuccino maker have auto off?](#)

Yes, the Keurig® K-Café™ coffee maker will automatically turn off 2 hours after the last brew. You can disable the auto off feature if you wish to keep the coffee maker on all the time

[I ran the frother but the milk didn't froth. Is my machine broken?](#)

If the frother ran its cycle without any issue, then it could be an issue with the milk you are using. Due to the wide variety of milks sold in the United States, individual frothing results may vary.
