Please call 562-404-0593 or email service@lincostudio.com if you have any questions. Our Business Hours are 08:00-16:30 PST Monday-Friday.

1. Mini-Cirrus™ and Pheno Square Installation

- Attach Mini-Cirrus™ onto stud on lightstand. Tighten knob to secure.
- Fully open Pheno Square.
- Secure attached Pheno Square and Mini-Cirrus™ onto Lightstand Stud.
- Screw in bulbs into Sockets on Mini-Cirrus™ (Mini-Cirrus™ can ONLY accept LINCOInc® LED and Fluorescent Bulbs.)
- Cover Pheno Square with diffuser. (Optional)

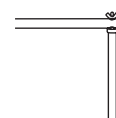

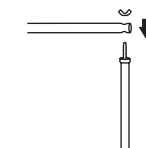

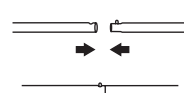

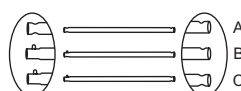

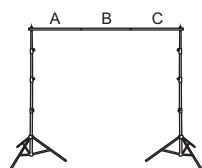

2. Mini-Cirrus™ and Umbrella Installation

- Attach Mini-Cirrus™ onto stud on lightstand. Tighten knob to secure.
- Fully open photographic umbrella.
- Insert umbrella rod through Mini-Cirrus™ umbrella hole (as shown).
- Holding bulb by its base, screw bulb into socket on Mini-Cirrus™ Light Head.

3. Background Support Installation

- 5ft. Width – Use A+C Rods (10'x5')
- 7.5 ft Width – Use A+B+C Rods
- (Attach Clamps onto Crossbar before finalizing Installation)

4. Backdrop Muslin Installation

- Using attached Muslin Clamps or Backdrop Holders, attach each corner of Backdrop Muslin.
- Attach the remaining middle Muslin Clamps onto Backdrop Muslins. (Note: This step only needs to be done once. For removal, muslin clamps stay on muslin for easy re-installation.)
- (To purchase more Muslin Clamps or Backdrop Holders, please contact us at 562-404-0493 or email service@lincostudio.com).
