

Warranty Information

Warranty Process:

For products purchased

- Within the US or Canada from an authorized reseller (see [here](#) for a list of authorized resellers)
- From www.meelec.com
- From the MEElectronics store at [Amazon.co.uk](https://www.amazon.co.uk)

To obtain a repair or replacement under the terms of this warranty, please contact our customer service group at warranty@meelec.com. Please explain the issue you are experiencing, the [troubleshooting steps](#) you have performed, and provide an electronic copy of your receipt (or via fax to 909.494.3760), which reflects that you are the original purchaser, the product was bought from an [authorized MEElectronics retailer](#), and the product is still within warranty. This information will help us quickly assess your situation and offer a solution as we strive to provide the best customer service experience. We will try to make it as easy as possible.

If your claim is warrantable, a return merchandise authorization number (RMA#) and address will be issued to return the defective product to MEElectronics. When shipping your product back, unless otherwise instructed, please ship only the earphone/headphone without accessories. Make sure you include the RMA# on the package for prompt service, and it is advised that you use a tracked, insured method as MEElectronics is not responsible for products that are not received. Freight collect shipments will be refused.

Once we receive your product, it will be evaluated against your claim, and if it is determined your product is warrantable, we will ship you a replacement. If the product is not warrantable, we will request payment to ship the product back to you.

For products purchased from:

- International retailers or distributors
- Unauthorized resellers (see [authorized resellers](#))

Please contact your retailer/distributor for warranty service.
