Warranty Request Mandatory Information

In order to receive a replacement under warranty for a defective car mount and or charger, iOttie will need to confirm the defects of the product in question. To make the process easier, we will ask for a picture of the defect. If it is a known and/or visible defect and we are able to confirm through the picture we will then send out a replacement on the spot.

However, if the product has an unknown defect, we may ask for a short video that shows the said issue. If the defect is clear in the video, we will then send out a replacement immediately. On certain occasions, we may ask for the product to be returned directly to us to investigate the issue in more depth.

If the defect is unclear, a return shipping label will be provided to the customer. Upon product receipt and inspection of the item, iOttie will test the product to verify whether the product is truly defective. If the product is found to be defective, iOttie will issue a replacement at no charge. The customer must provide proof of purchase upon request of replacement.

Buyer's Remorse

Products over \$25 will be subject to a restocking fee of 15%. Buyers will also have to pay return shipping. We only accept buyer's remorse returns within the first 14 days of purchase. **The customer must provide proof of purchase.**
