

"The Only Smart Phone Holder For The Bedroom"

Tips to enjoy your
Smart Phone Sleeper

1. Slide the base bottom of the ***Smart Phone Sleeper*** under your mattress.
2. Press the small button of cradle to open the arms, place Smart Phone in and gently squeeze until Smart Phone is securely in place.
3. Cradle has two "feet" that can be swiveled out for more support.
4. Place your Smart Phone into the cradle and gently squeeze shut the arms until your smart phone is held securely into place.
5. When removing your smart phone, place your hands on the phone and release the button and the arms will slowly open. Do not try to remove the phone from the holder without opening the arms. Do not force be gentle.
6. Slide the ***Base*** under your upper thigh while sitting to enjoy hands free smart phone use anywhere you go.

WARNING: Use your ***Smart Phone Sleeper*** off to the side of the bed. When not in use, remove the base from the bed or simply bend the flex tube out of the way. Keep the ***Smart Phone Sleeper*** at a **safe distance from you face** at all times.
