## KFM LED T45 BI 111 840 3D CLA NA

KFM LED produces nearly 75% greater light output than traditional KFM models. A heavy-duty, all-metal construction with sleek design, adjustable arm and excellent light output makes the KFM suitable for a variety of industrial applications. No knobs to tighten, nothing to adjust. A flexible, self-balancing shade and fully-enclosed, hands-free neck design combined with 45" heavy-duty internal-spring parallel, three-pivot K-arm, allows the lamp head to be secured in any position and are ideal for environments where FOD is a concern. The quality and positioning of the LEDs across two semi-circular modules allows for virtually shadow-free 3-diopter (1.75X) magnification and excellent color rendition. Edge clamp mount. Color: black.
