Welcome to the brighter World of Per2

Features:
- Auto-shifting color temperature
- Dawn simulation
- Dusk simulator/30 minute auto-shut off setting
- Integrated alarm clock
- Electricity saving up to 90%

Benefits of dawn, dusk, daylight rhythm simulation:
- Resets circadian rhythm
- Promotes concentration and learning skills
- Improves sleep
- Enhances alertness
- Increases energy

Safety and precautions:

- Please read these safety guidelines carefully before using your PER2™ LED daylight lamp.
- The PER2™ is not a medical device. If you suffer from depression or another serious illness, consult with a physician for proper diagnosis and treatment. To fully enjoy the PER2™ and experience its benefits, please follow the safety instructions in this guide to avoid potential hazards that might result in personal injury or damage to your unit.

Safety guidelines:

- To reduce the risk of fire, electric shock, burns, or other injuries, please take the following safety precautions:
  - Do not place the unit in water or near heated surfaces
  - Do not use the unit while bathing
  - Do not pick up the unit adapter or cord if hands are wet
  - Use only approved power sources with the PER2™
  - Before turning on the unit, attach power cord, and then connect cord to an adapter or an outlet
  - Turn unit OFF before removing adapter from any outlet
  - Detach power cord from unit for safe storage
  - Unplug unit before cleaning
  - Do not place items on top of power cord
  - Do not operate unit if cord or unit is damaged
  - Return a damaged unit to an approved service center for repair

Operating Instructions

*All functions can be set while the light is ON or OFF

If nothing is pressed within 30 seconds, all settings will be saved. Press and hold the button for 3-5 seconds to exit setting. The clock is now set. Press the button to save the clock setting. Press the button again and the minutes will be blinking. Use + or - buttons to change the hour to desired time. Press the button until the hours are blinking. Hold the button for 3-5 seconds until the clock indicator is blinking.

Plug in unit and press the button, located beneath the time display, to turn on the PER2™. Press and hold the button for 3-5 seconds to exit setting. Use + or - to change the minutes. Press the button again and the minutes will be blinking. Use + or - to change the hour to desired wake-up time. Once the Dawn Simulator indicator is selected, hold the button until the hour is blinking. Press the button to scroll through. Hold the button for 3-5 seconds until indicators are blinking.

To snooze for 10 minutes, press the button when the alarm sounds. Press twice to turn alarm off. Press and hold the button for 3-5 seconds to exit setting. Press the button again and the indicator will be solid. The Back-up Alarm is now deactivated. Hold the button for 3-5 seconds until indicators are blinking. BACK-UP ALARM

*To turn off immediately, press the button a second time. The light will gradually turn off within 30 minutes. Once activated, the dusk simulator will act as an automatic shut-off timer when you press the button. Press the button again to deactivate. Now the indicator is solid. Press the button to activate Dusk Simulator and the indicator will be blinking. Press the button to scroll through until the indicator is selected.

ACTIVATING and DEACTIVATING DUSK SIMULATOR (Auto Shut-off Feature)

Press and hold the button for 3-5 seconds to exit setting. Press the button again to deactivate. Now the indicator is solid. Press the button to scroll through.

ACTIVATING and DEACTIVATING DAWN SIMULATOR

For AMBIENT light use, simply rotate the lamp head up to illuminate the room. To change the brightness of the backlight screen, use + or - when the light is on. To change the intensity, or brightness, of the light, use + or - (factory settings based on sleep lab study). Allow the light to change throughout the day. The icon will appear when AUTO-SHIFT setting is activated which will allow the light to change throughout the day. The icon will appear when DUSK light is on (9pm - 5am) and the icon will appear when DAWN light is on (5am - 1pm). By using the and arrows you can manually scroll through the different colour temperatures. Using the light allows you to activate the Dusk Simulator and the indicator will be blinking. Press the button to scroll through until the indicator is selected.

Warranty Information

LIMITED WARRANTY LIMITS AND EXCLUSIONS

This warranty only covers failures due to defects in materials or workmanship, and does not cover normal wear and tear or cosmetic damage. This warranty does not cover failures caused by improper operation or maintenance, or any unauthorized repair. This warranty does not cover damage caused by accident, misuse, abuse, neglect, or alteration. This warranty does not cover damage caused by improper installation, setup adjustments, maladjustments of consumer controls, or failure to use the product in accordance with the instructions. This warranty also does not cover damage occurring in shipment, failures caused by products not supplied by the warrantor, or failures resulting from accidents, misuse, abuse, or neglect.

This warranty is limited to the original retail purchaser and is not transferable. Proof of purchase is required to obtain warranty performance. Warranty service must be performed by a Nature Bright Authorized Service Center. Nature Bright does not recommend or endorse any specific service center. To obtain service in the U.S., contact Nature Bright Company at 1-800-NBC-0231 (1-800-622-0231), Monday–Friday, from 9 a.m. to 5 p.m. PST, or e-mail care@naturebright.com. This warranty is valid for original retail purchaser from date of initial retail purchase and is not transferable. Keep original sales receipt. Proof of purchase required to obtain warranty performance. Should equipment develop any defect within the warranty period, call Nature Bright Service Center for a return authorization code. Component of this product found to be defective. Replacement will be made with a new or remanufactured product or component. If the product is no longer available, a substitute of equal or greater value will be provided. This warranty gives you specific legal rights, and you may also have other rights that vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so that the above limitations and exclusions may not apply to you. This warranty is void if the product is modified, abused, or exposed to extraordinary conditions or voltages. The warranty does not apply to products sold "as is" or "with all faults." This warranty does not extend to any product that has been damaged or失效。
