## **Schwinn Limited Warranty - Independent Bike Dealer**

### **Limited Warranty**

Your purchase includes the following warranty which is in lieu of all other express warranties. This warranty is extended only to the initial consumer purchaser. This warranty gives you specific legal rights. You may have other legal rights which vary from state to state.

### **Limited Lifetime Frame Warranty**

Frames are guaranteed against manufacturing defect (defined as a defect in materials or workmanship as delivered with the product) for as long as the original purchaser owns the bicycle, subject to the terms and conditions of this limited warranty. If frame failure should occur due to faulty materials or workmanship during the guarantee period, the frame will be replaced with the same or most nearly compatible frame then available. For frame replacement under the limited warranty, please contact the authorized dealer the bicycle was purchased from. Authorized dealers will contact us to initiate a warranty claim on your behalf. Frames must be returned for inspection at the customer's expense and include a copy of the original and dated purchasing receipt. Please note: the fork is not part of the frame.

### **Useful Lifecycle**

Every Schwinn bicycle has a useful life cycle. The length of useful lifecycle of a bicycle or components is not the same as the warranty period and will vary depending on the type of bike, riding conditions, and care the bicycle receives. Competition, jumping, downhill racing, trick riding, trial riding, riding in severe conditions or climates, riding with heavy loads, or any other non-standard use can substantially shorten the useful product lifecycle. Any one or a combination of these conditions may result in an unpredictable failure that is not covered by this limited warranty. All bicycles and frame sets should be periodically checked by an authorized dealer for indications of potential problems, inappropriate use and/or abuse. These are important safety checks and may help prevent accidents, bodily injury to the rider and a shortened product lifecycle.

### **Component Warranty**

Most **non-proprietary** components have a limited warranty offered by the component manufacturer directly. Please contact your authorized dealer for additional information on

making a warranty claim on such a part. All other parts except **Normal Wear Parts** are guaranteed against a defect in materials or workmanship for as long as the original purchaser owns the bicycle, subject to the terms and conditions of this limited warranty. If failure of a part should occur due to a defect in materials or workmanship as delivered with the product, the part will be replaced. Please contact an authorized dealer to initiate a warranty claim on your behalf. All parts must be returned for inspection at the customer's expense and be accompanied by a copy of the original and dated proof of purchase. Normal Wear parts, defined as grips, tubes, tires, cables, brake shoes, and saddle covering have a thirty (30) day limited warranty. Claims against Normal Wear parts must be made within thirty (30) days of purchase. Please contact your local authorized dealer for warranty assistance on components.

## **Terms and Conditions**

Any other warranty claim not included in the statements above is void. This especially includes installation, assembly, and disassembly costs. The limited warranty does not cover paint damage, rust, any modification made to the bicycle, normal wear and tear, improper assembly or maintenance, and installation of parts or accessories not originally intended or compatible with the bicycle as sold. The warranty does not apply to damage or failure due to accident, abuse, misuse, neglect or theft. Claims involving these issues will not be honored.

It is the responsibility of the individual consumer purchaser to assure that all functional parts are initially adjusted properly, and subsequent normal maintenance services and adjustments necessary to keep the bicycle in good operating condition are properly made. This warranty does not apply to damage due to improper installation of parts, installation of any kind of power plant or internal combustion engine, modification or alteration of the brakes, drive train, or frame in any way, or failure to properly maintain or adjust the bicycle.
