

Charging the Belkin QODE™ Keyboard Case, F5L171 and F5L176

The **Belkin QODE™ Ultimate Pro Keyboard Case for iPad Air (App enabled) (F5L171)** and **iPad Air 2 (App enabled) (F5L176)** is the ultimate accessory to your iPad® tablet. This keyboard case comes with great functionality and flexibility without compromising durability, portability and style.

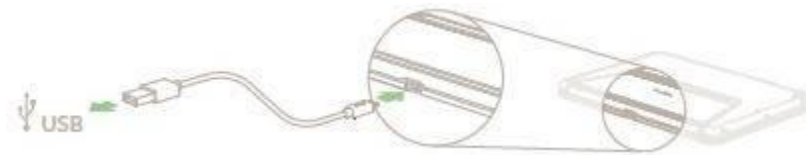

Step 1:

Locate the **Micro-USB** jack of the keyboard.

Step 2:

Insert one end of the charging cable to the keyboard and the other end to an available charger plugged to a power outlet or a computer.

NOTE: A **red** LED indicator lights up if it is charging and will turn **blue** when fully charged.
