

OHTSU Tire Limited Warranty

Tires Covered by this Warranty:

This limited warranty applies to OHTSU brand steel belted radial passenger car and selected light truck tires bearing the complete description and serial number as required by the DOT. This warranty applies only to tires purchased after October 1, 2012. Tires purchased before that date are subject to previous published warranties. This warranty is effective only for tires for which claims are made within five years of date of production, based on the tire DOT serial number.

What is Warranted and For How Long:

- A. Material and Workmanship Warranty.
- Every OHTSU brand radial tire is warranted against defects in material and workmanship for the life of the original tread, to 2/32" of the remaining tread depth.
 - If a tire becomes unserviceable due to such defect within the first 2/32" of tread wear; it will be replaced free of charge with a comparable OHTSU tire.
 - Thereafter, prorated adjustment credit to the customer will be given based on percentage of remaining usable tread depth, down to 2/32". The amount of credit allowed is determined by multiplying the OHTSU dealer's current selling price for an equivalent new OHTSU tire by the percentage remaining usable tread depth.
 - OUT-OF-ROUND or OUT-OF-BALANCE claims will be accepted for adjustment only during the first 1/32" of the original tread depth, and tires will be replaced free of charge with comparable OHTSU tires. **A set of four (4) tires from the same vehicle will not be accepted for out-of-round or out-of-balance claims.**
