

# BEAUTURAL

## Fabric Shaver QUICK START GUIDE

### 1 How to Use Beautural Fabric Shaver

- Lay the garment flat over a hard surface such as a table top. This ensures the fabric will not gather and accidentally be damaged during shaving.
- Stretch a small area of fabric with one hand during shaving and keep the shaving head at a 90 degree angle to the fabric.

**For Knitted Fabrics**  
Guide the shaver in the direction of the knitting.

**Fabrics with Accessories**  
Avoid shaving over any accessories.

**Thin Garments**  
Fold into two layers and lay over an ironing board.

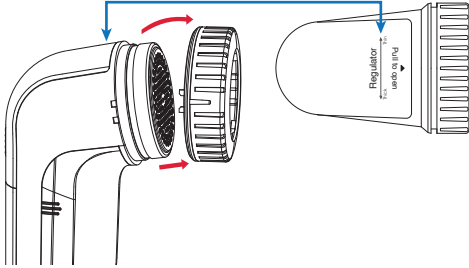

**Quick Shaving**  
Slide the shaver around over the top of the garment.

- ⚡ It is recommended to attach the spacer when shaving plush garments, as this ensures efficient lint removal without damaging the plush.

## 2 How to Remove/Attach the Spacer

**To Remove the Spacer** - Hold the shaver with one hand, grab the spacer, put your thumb on the edge of the spacer, and then pull the spacer forward to remove it.

**To Attach the Spacer** - Place the spacer on the cutting head and firmly press it in. Make sure the two small tabs on the spacer grip into the two recesses on the shaver.
