

SteelSeries Product Quality Audit Report

Product name: SteelSeries Stratus XL Gaming Controller for Windows & Android
Type: Warehouse SteelSeries Quality OBA Open Box Audit testing
Batch Size: 80 pcs
Auditor: SteelSeries Quality Team - Victor/Robert/Leon/Flight
Audit date: 2017/8/29

Product audit purpose

The listed issues have been reviewed thoroughly by SteelSeries quality team. With aim to investigate the current product quality status, the team has arranged OBA (Open Box Audit) testing on a randomly picked batch from warehouse.

- *L2/R2 triggers are often glitchy*
- *The L3/R3 controls have been known to spontaneously invert the direction they're reading.*
- *Right trigger button broke after only a couple uses.*

Product audit results

We do not observe any of the listed issues during the product checking in our inventory.
