

Changing the Roller Sticker

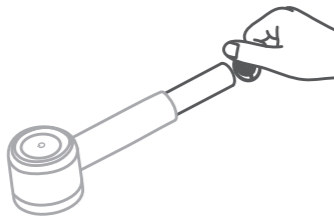

1. Push in the black roller cover to release the roller shaft.

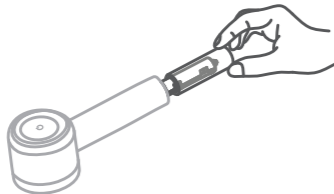

2. Pull out the roller shaft.

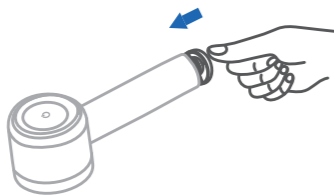

3. Remove the black roller cover from the roller shaft and remove the empty sticker cartridge.

4. Place a new sticker roll onto the roller shaft.

5. Push the roller shaft back in and replace the black roller cover.

Troubleshooting

Why has the shaver stopped working?

- Make sure that the blade cover is installed correctly.
- Make sure the shaver is charged.
- Check to see if the blade is jammed.
- Contact **Customer Support** for further assistance.

Why is the shaver not removing lint as well as it did before?

- Make sure that the blade cover is installed correctly.
- Make sure the shaver is charged.
- Check to see if you need to clean the inside of the shaver.
- Check to see if the blades are dull. If it is, replace with a new blade assembly.

Removing Lint

1. Lay the cloth on a flat surface.
2. Press the power button to turn on the shaver, or push in the black roller cover to release the roller.
3. Gently move the shaver or roller back and forth over the cloth until lint is removed.

Changing the Blade

1. Twist the blade cover to remove it.
2. Remove the old blade assembly.

3. Install the new blade assembly.
4. Reattach the blade cover.

Cleaning the Shaver

1. Twist off to remove the blade cover.
2. Remove the blade assembly.

3. Use the brush to clean the blades and empty out the lint inside the shaver.
4. Reattach the blade cover.

Note: To clean the body of the shaver, wipe with a damp cloth. **Do not** immerse or rinse with water.

Charging the Shaver

1. Plug the cable into the shaver's charging port.
2. Plug the charging cable into a powered USB outlet, adapter, or charging pack.

IMPORTANT: The tip of this charging cable is unique to this product. *[Figure 1.1]* Please do not lose this cable. If it becomes lost, please contact Customer Support for a replacement.
