Certifications and Safety Approvals

• FCC Compliance Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

CAUTION: Change or modification not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

CAUTION:

Any changes or modifications not expressly approved by the grantee of this device could void the user's authority to operate the equipment.

RF exposure warning

This equipment must be installed and operated in accordance with provided instructions and the antenna(s) used for this transmitter must be installed to provide a separation distance of at least 2.5 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter. End-users and installers must be provide with antenna installation instructions and transmitter operating conditions for satisfying RF exposure compliance."

Warranty

For more information on about the One Year Limited Warranty, please visit www.getpebble.com/warranty.

Quickstart Guide

Each Pebble shipment includes:

- One Pebble smartwatch
- One Pebble USB charge cable

• **Charge Pebble**

Attach the curved end of the Pebble USB charge cable onto Pebble. Plug the other end of the cable into a USB port on a computer, laptop or USB wall charger.

To obtain a full charge, leave Pebble connected for at least 2 hours.

• **Download smartphone app**

Pebble is compatible with the following iOS devices running at least iOS 5 or greater:

- iPhone 3GS
- iPhone 4
- iPhone 4S
- iPhone 5
- iPod Touch 3rd to 5th generation

Pebble is compatible with Android smartphones running Android OS 2.3.3 or higher.

Download the Pebble App by visiting <http://go.getpebble.com> from the iOS or Android browser.

• **Bluetooth pairing**

Enable Bluetooth in iOS or Android settings. Perform a Bluetooth device scan. Pebble will show up with the name "Pebble XXXX" where XXXX is a unique identifier (the last 4 digits of the serial number imprinted on the back of the watch). After selecting the 'Pair' option, a confirmation prompt will be presented on the watch display. Press Button C to confirm the pairing. Then confirm the pairing on the smartphone side.

• **Open Pebble App**

After installing the Pebble App and pairing via Bluetooth, open the Pebble App on iOS or Android. After each reboot, the Pebble App needs to be opened.
