

WS8550

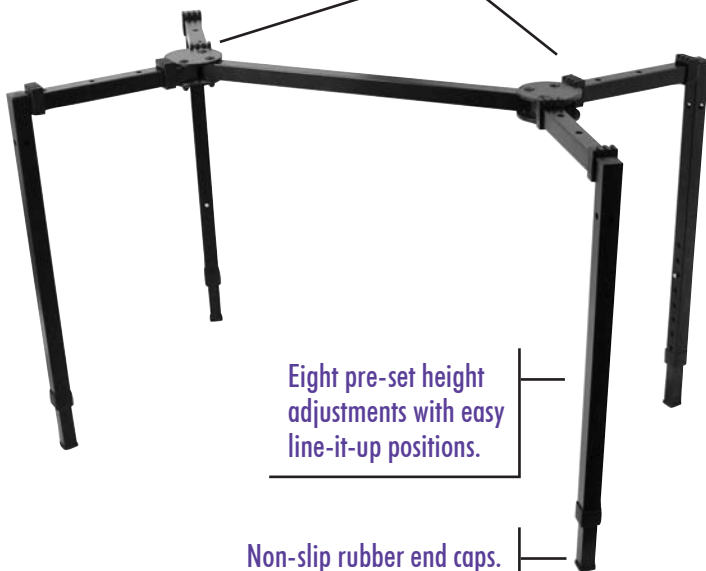

Heavy-Duty T-Stand

WORKSTATIONS & ACCESSORIES

FEATURES AND BENEFITS

This rugged and stable stand is height, width and depth adjustable, and is perfect for multi-function use! Portable and heavy-duty, the WS8550 has everything you need for home recording, project studio work or gigging out. Entire stand folds to a compact "T-shape" for easy storage and transport.

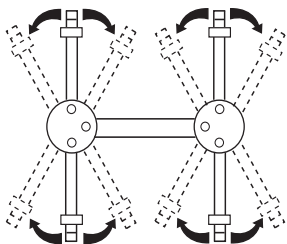

Eight adjustable rubber rest pads protect your equipment and hold it in place.

Eight pre-set height adjustments with easy line-it-up positions.

Non-slip rubber end caps.

Innovative design allows for maximum flexibility and support, yet also folds down into one compact unit!

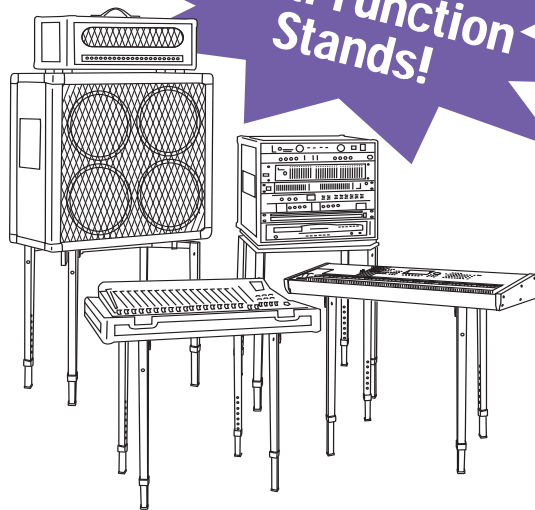

Folds into a compact T-shape for storage and travel.

Unique spider frame design adjusts the width and depth to allow for max support.

Multi-Function Stands!

One stand is all you need for ALL of your home recording and studio project needs!

Map Price: **\$99.95**

INSIDER'S TIP: *This stand is your "I can't find a stand that will fit XYZ model" solution. This style stand is most commonly related with DJ equipment as a general platform, but it is most definitely a very useful stand to have on hand to fit virtually any keyboard. It's also compact when folded up and easy to set-up.*
