

How to connect Lenovo fitness band with phone

1. Make sure that your Smart Band has been charged for at least 30 minutes.
2. Make sure you have installed or updated the Lenovo Life application to the latest version from Google Play™.
3. Open the App and sign up by creating an account.
4. Tap on pair new device and keep your band close to your phone.(make sure you turn on location on your phone)
5. Click on your smart band from the search list and click on the accept prompt on your band.
6. Turn on all the required app notifications and you are good to go.
