## Care tips and instruction manuals

Here you'll find instruction manuals and care tips for our writing systems.

### [Fountain Pens](#)

#### **Cartridge Replacement Fountain Pens**

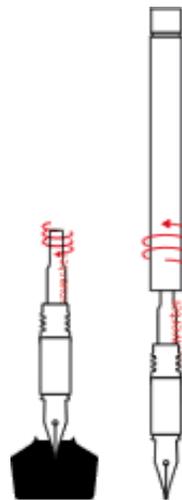

For all Lamy Fountain Pens except: LAMY 2000 & LAMY dialog 3

- The cartridge of the LAMY dialog 3 attaches to the ink supply channel using only a slight amount of pressure

[Video: cartridge replacement](#)

[Video: changing refills](#)

[Multisystem Pens](#)

## Changing Refills Multisystem Pens

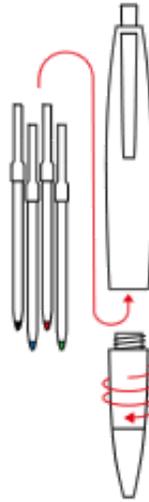

For all Lamy Multisystem Pens

- Change refills individually, one after the other
- A maximum of three 0.5 mm lead refills can be inserted in to the Z 60 and three 0.7 mm refills into the Z 61
- Multisystem pens do not have cleaning needles!

[Video: changing refills](#)

## Changing Refills Multicolour Ballpoint Pens

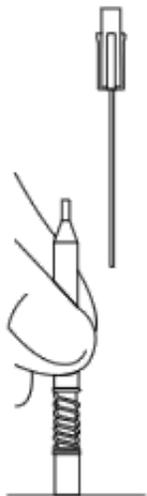

LAMY 2000 4-colours

LAMY logo 3-colours

- Change refills individually, one after the other

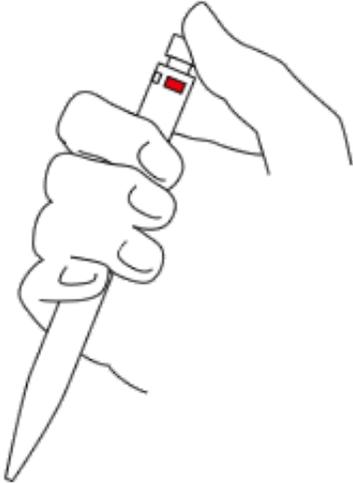

## Cleaning of Lead Refill Channel

- Using one hand, press spring together on solid surface
- With the other hand, insert the corresponding cleaning needle, available separately

[Video: cleaning of lead refill channel](#)

## Colour Selection

LAMY 2000 4-colours

LAMY logo 3-colours

LAMY accent 4pen

- Pressing the push-button will activate the refill that corresponds to the colour shown in the indicator window facing upwards
