

UNIQUELY INNOVA

1. All-In-One Display

2. Emission Status LEDs

3. All Hot Keys - Plug-n-Play

4. FAST: All Done in 15 Seconds!

Innovations that Make
OBD DIAGNOSTICS Simple!

What is OBD2?

OBD2 exists in every 1996 and newer vehicle sold in the U.S. and stands for On Board Diagnostics. It is the brains of your vehicle. When a problem develops with your vehicle, the OBD2 system stores an error code (DTC) to pinpoint the problem and triggers the Check Engine light to illuminate. INNOVA® offers a complete diagnostic solution with the best tools and optional RepairSolutions™ to properly fix the vehicle's problem.
