A well built gun safe should never fail when you need it most. This is why we cover the two most common causes of safe damage and loss: fire and burglary.

GunVault safes are constructed with heavy gauge steel with high strength locking mechanisms, precision fittings, and tamper resistant doors. Many of our safes also feature biometric fingerprint recognition technology for added security. Our safes aim to give you the confidence of the highest quality features with the assurance that if something happens to your safe, you will be covered. We know that a quality safe is an investment that should last, and were committed to helping you keep your firearms and personal valuables totally secure. This is why we stand behind the resilience of all of our products with our exclusive 5 year warranty.
