INSTALLATION

1. Remove the screws from bracket like below picture to install the bracket on iron tube.

2. Put the plastic bracket parts in between two metal poles, at the same time, push 2 screws to fix up bracket.

3. Hold up unit, insert the metal plate at the back of the unit into plastic bracket parts, then adjust it to the right angle and fix it tightly, at last lower the original car headrest to the appropriate position.

WIRING DIAGRAM

Mini Din Connector
Attach power cable to connect
4. Do not use diluents or other chemical cleaner when cleaning the machine. Please clean the machine by soft cloth with special cleaner.

5. Please keep the machine in a good environment. The storage temperature for this machine is from -4°F to 140°F.

6. This machine only supports DIVX/MPEG4/DVD/DVDR+/SVCD/VCD/DVCD/CD/MP3/WMA/CD-R/RW/HDCD+-R/JPEG or CD-ROM.

7. Please prevent the machine from the influence of other equipment.

8. For your safety, please do not turn or operate this machine when driving as it may be illegal in some countries and regions.

9. Safe power supply: DC12V (voltage range: 10V-14V)

**Attention**

There may be some small and bright spots on the screen. This is a common technical matter and does not indicate any quality problem of this machine.

**TROUBLESHOOTING**
