1		x1	4		x2	7		x5	C		x8
2		x1	5		x1	A		x4	D		x1
3		x1	6		x1	B		x4			

IMPORTANT SAFEGUARDS

 Read these instructions carefully and retain them for future use. If this product is passed to a third party, then these instructions must be included.

When using the product, basic safety precautions should always be followed to reduce the risk of injury including the following:

- Remove all parts from the carton and ensure all parts are included prior to assembly.
- Assemble the chair on the carton or carpet to prevent scratches.
- Be careful not to cross-thread screws and do not use power tools.
- Before using the chair be sure that it is completely and properly assembled.
- Handle with care.
- Warning: Do not let children climb on or play on the chair.
- Regularly check if all screws are tightly secured.
- The use of accessories or attachments, which are not recommended by the manufacturer can pose hazard to persons or objects and cause injuries.
- Attention: The gas lift must be replaced and repaired by a qualified professional only.
- This office chair is alternative between Type I and Type III.
- This chair is intended for indoor use only.
- Do not use the office chair if any components are damaged, worn, broken, or cracked. If required, return the complete product to your place of purchase for an inspection, repair or adjustment.
- Your office chair is equipped with casters for all types of flooring.
- Do not exceed the maximum load weight of 425 lbs.

Before First Use

- Check for transport damages.

⚠ DANGER Risk of suffocation! Keep any packaging materials away from children – these materials are a potential source of danger, e.g. suffocation.

Assembly

Step 1:

- Turn the base upside down and press the casters into the holes on the legs as shown.

Step 2:

- Place the base upright and insert the gas lift with cover into the base as shown.

Assembly

Step 3:

- Attach the arms to the seat cushion with eight (C) screws as shown.
- Be careful not to cross thread the bolts or damage the seat.

Step 4:

- Attach the seat plate to the seat cushion with four (A) screws. Make sure the seat plate faces to the front. Tighten the screws with the wrench (D).

Assembly

Step 5:

- Attach the back bar to the seat using four (B) screws as shown.
- Tighten the bolts with the Wrench (D).

Step 6:

- Align the central hole of the seat plate over the gas lift.
- Press down until the connection is secure.

Operation

To Adjust the Seat Height

To raise your seat, lean forward to lift your body weight from the seat, then pull up the control handle.
To lower the seat, pull up the control handle while seated.

To Perform Tilt/Tilt Lock To Adjust the Tilt Tension

To unlock the tilt, pull the control handle all the way out;
Push the control handle in to lock the tilt function.
Rotate the tension knob clockwise to tighten or counter-clockwise to loosen the tension.

To Adjust the Armrests

Pull up the button on the arm to raise or lower down the armrests.

Cleaning and Maintenance

- Periodically clean the seat cover using a vacuum cleaner. Use the correct attachment for vacuuming upholstery. Select the setting for upholstery at the low suction.
- Use a dry cloth to remove dirt.
- If required, use a slightly damp cloth to clean soiled areas, then wipe dry with a dry cloth.
- Occasionally, thoroughly wipe the frame with a slightly damp cloth. Then dry the frame using a dry cloth.
- Do not use strong cleaning agents or abrasives.

Specifications

Weight: 42.33 lbs
