

## S 650

The S 650 is a sweeper with a sweeping width of 650 mm and two side brushes – for thorough cleaning right up to the edges. Ideal for areas of 40 m<sup>2</sup> or larger. With a 16-litre waste container.

**1 Two side brushes (S 650)**

- Greater flexibility with two side brushes. The long bristles ensure thorough cleaning even on edges.

**2 No contact with dirt**

- Convenient waste container: waste is drawn directly into the container, which can be easily removed and emptied.

**3 Space-saving storage**

- With its fold-down push handle, the sweeper can be stored upright, thus taking up very little space.

**4 Adjustable push handle with comfortable grip**

- Thermally-clad (S 650) and height-adjustable (extendable with two angle adjustments). For sweeping that is easy on your back.

## S 650

- Two side brushes
- Convenient, stand-alone waste container
- Adjustable push handle with comfortable grip
