Use this Quick Start Guide to learn about your new vacuum’s great features.

Join The Clean Evolution.

When it comes to cleaning, we’re not afraid to get our hands dirty. At Shark®, we’re constantly working to evolve and innovate products to meet the needs of people like you. Because our job is to make 5-star-worthy products that make your life a whole lot easier.
VERSATILE FLOOR-TO-CEILING CLEANING

FLOOR CLEANING

1. Plug The Unit In
Plug your foot gently on the floor nozzle and tilt the handle back to start cleaning.

2. Choose Setting
You can choose the speed of the brushroll and soft roller. Slide the power switch to the appropriate floor setting and start cleaning.

ABOVE-FLOOR CLEANING

1. Stand the vacuum upright, step on the floor nozzle and pull the wand up to disconnect it from the motorized floor nozzle.

2. Attach desired cleaning accessory.

NOTE:
Use Setting I for all above-floor accessories.

MAINTENANCE

TIP:
Wash filters every month to keep the suction strong.
Rinse filters and allow to air-dry completely. Tap loose dirt from foam filters as needed between washes.

Brushroll garage for easy access to your brushroll.
Push the release buttons and the brushroll garage door will pop up. Lift out the brushroll to easily remove any string, hair, or debris that may be wrapped around it by using the onboard hair-removal tool.

One-touch button for easy access to soft roller.
Slide the soft roller access button up to remove the soft roller. Use the onboard hair-removal tool to clean off any string, carpet fibers, or hair that may be wrapped around the soft roller. Remove any debris from roller housing.

HOLDING TROUBLE?

ISSUE
Vacuum is not picking up dirt. No suction or light suction.

Solution
Empty dust cup, clean filters, and check all openings for blockages.

ISSUE
Vacuumutoffs area rug.

Solution
Turn off the unit to disengage the brushroll and restart with the power slider switch.

ISSUE
Brushroll and/or soft roller does not spin. The Brushroll Indicator Light on the floor nozzle turns red.

Solution
Turn off and unplug the vacuum immediately. Remove any blockages, then reconnect and turn vacuum back on. If the light is still red, please contact customer service at 1-800-798-7398.

NOTE:
For deep cleaning per ASTM F 608 (embedded dirt in carpet) please use on Setting II, high pile carpet mode.

Setting II
Deep cleans carpets by removing embedded dirt. Both brushrolls spin faster, working together to pick up debris below the surface of your carpets.

OR

Setting I
Gentle on bare floors and delicate area rugs. The brushroll and the soft roller both spin slowly to clean bare floors and delicate area rugs. The soft roller traps fine dust and large particles, while the brushroll extracts debris to the suction channel.

NOTE:
For compact, convenient storage, hang the hand vacuum on the hook on the bottom of the wand, and wrap the power cord around the cord hooks. The unit stores easily in a closet or along a wall.

Onboard hook
For compact, convenient storage, hang the hand vacuum on the hook on the bottom of the wand, and wrap the power cord around the cord hooks. The unit stores easily in a closet or along a wall.

WALL MOUNT

Use the wall mount that is included. See enclosed instruction sheet for complete installation information.

STORAGE

Handheld Vacuum Catch
Handheld Vacuum Storage Hook

Empty the dust cup every time debris reaches the MAX fill line.

Floor Nozzle Release

NOTE:
See enclosed instruction sheet for complete installation information.
