- Reliably stores and transfers photos, videos, files, and more
- Compatible with PC and Mac® systems
- Backwards compatible with USB 2.0 devices
- Three-year limited warranty

Capacities:

32GB blue
(up to 150MB/s read, 30MB/s write)

64GB teal
(up to 150MB/s read, 45MB/s write)

128GB black
(up to 150MB/s read, 45MB/s write)

Small size. Big performance.

Easily expand the storage capabilities of your devices with the low-profile, plug-and-stay Lexar® JumpDrive® S45 USB 3.0 flash drive. Quickly and securely store and transfer photos, videos, and files at USB 3.0 speeds—up to 150MB/s read and 45MB/s write.* The drive includes advanced security software for peace of mind, and it's available in a range of colorful capacity options (32GB-128GB) to reflect your style.

Plug-and-stay storage for your favorite devices. Easily expand the storage capabilities of your laptop, TV, or car stereo system with JumpDrive S45. Its compact, low-profile design means you can plug it in and forget it—it's always at the ready for storing and accessing files.

Store and transfer content at USB 3.0 speeds. Who wants to spend extra time waiting for files to transfer? JumpDrive S45 provides speeds up to 150MB/s read and 45MB/s write.* Quickly transfer a 3GB HD video clip in less than 90 seconds, compared to more than 4 minutes using a standard USB 2.0 drive.** And for added versatility, the drive is backwards compatible with USB 2.0 devices.

Securely protect your files. JumpDrive S45 includes EncryptStick™ Lite software, an advanced security solution with 256-bit AES encryption to help protect your essential files against corruption, loss, and deletion. Easily create a password-protected vault that automatically encrypts data. And for peace of mind, files that are deleted from the vault are securely erased and can't be recovered.

Showcase your style with colorful capacity options. Available in a range of colorful capacities—32GB in blue, 64GB in teal, and 128GB in black—it's easy to pick one that reflects your style and personality.

Lexar performance, quality, compatibility, and reliability. All Lexar memory card, card reader, storage drive, and USB flash drive product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,200 digital devices, to ensure performance, quality, compatibility, and reliability. This provides customers with a high level of confidence when using Lexar products to capture, manage, move, and store the memories that matter.

For more than 20 years, Lexar has been trusted as a leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, card readers, and storage drives. With so many options, it's easy to find the right Lexar solution to fit your needs.

Lexar. When Memory Matters.®

*Up to 150MB/s read transfer, write speeds lower. Speeds based on internal testing. Actual performance may vary.

**Based on 64GB capacity. 3.2GB video, HD 1080p@30fps (46 Mbps) video.

Note: Security safeguards, by their nature, are capable of circumvention. Lexar does not guarantee data will be 100% secure from unauthorized access, alteration, or destruction.

To ensure compatibility and best performance, please visit lexar.com/downloads to download the latest USB 3.0 driver. Actual usable memory capacity may vary. 1GB equals 1 billion bytes.
