

Quiet, easy to control and simple to adjust, this compact machine boasts single wrench, above the table bit change, and is ideal for those looking for a router equally suited to table-mounted and hand-held use. Soft start allows close control during hand-held use, and even greater control is possible by fitting the multi-function fence. Variable speed ensures the router will handle a wide variety of bits for exact shaping of material. Quick-fit pins are located in the base, allowing rapid fitment to the mounting plate, so the MOF001 is completely compatible with the Triton RTA300 Router Table.

Removable Plunge Spring

for easy bit adjustment when table mounted

Soft Start & Variable Speed

provides the perfect speed for all cutter types

Safety Switch Shutter

locks closed in bit-change mode to prevent router being switched on

1/2" & 1/4" (EU: 1/4" & 8mm) Collet

for a greater range of bit fitment

Automatic Spindle Lock

engages only when the power switch cover is closed

3-Stage Turret

with direct reading scales for precise pre-set cut depths

Bit Change

through the base a single wrench bit change is achieved with the automatic spindle lock

Micro Winder

enables continuous fine depth adjustment through the full plunge range

Easy Access Brushes

allows changing of worn brushes

Single button switches from plunge to fixed based router

with rack & pinion adjustment is as simple as pushing a button

Side Air Vents

reduce intake of dust into the motor casing when mounted upside-down in a router table

Fully Enclosed Guarding

provides maximum protection from the cut zone & assists dust extraction

Quick Fit Pins

for fast fitment & removal from the fence & the RTA300 Router Table

Selling Points

- Multi-award winning router with compact & powerful 1400W / 2¼hp motor
- Single switch from plunge to fixed-base router with rack & pinion height adjustment
- 8000-20000rpm electronic speed maintenance under load
- Automatic spindle lock for single wrench bit changes
- 3-stage turret with direct reading scales for precise pre-set cut depths
- Soft start & variable speed provides the perfect speed for all cutter types
- Micro winder enables continuous fine depth adjustment

What's in the Box

- Table Height Winder
- Collet Wrench
- 1/2" & 1/4" (EU: 1/4" & 8mm) Collet
- Multi-Function Fence
