1 Safety notice

1.1 Please read this user’s manual carefully before using Artlii projector.
1.2 Don’t look straight into the lens when projector is on.
1.3 Qualified power cord with grounding is suggested, so as to ensure the safety.
1.4 Please check the electricity voltage before using the projector.
1.5 Please don’t disassemble the projector, otherwise Artlii warranty will be invalid.
1.6 Don’t operate the projector in a dusty, humid environment to avoid electrical shock.
1.7 To cut down the power supply when turning off the projector.
1.8 To seek help from Artlii agent or qualified professionals when needed.
1.9 If you have any questions about the projector, please contact Artlii in time. We will reply you within 24 hours. Do not repair it privately.

Tips:
Set language
Press the “≡” key to select “OPTION” screen. Change the language in “Osd Language”, and then click “OK”.
